Education

IPCA - Barcelos, Portugal Sep 2006 - Sep 2010
License Degree, Graphic Design

In this graduation he:

- has learned the theoretic basis needed to endure any sort of design project.
- developed even further his knowledge of the Adobe Creative Suite software in ways to suit any sort of media required.
- developed several design projects simulations with the same amount of rigour and hard work they would require if they were real.

Skills

Learning

I am always willing to learn new skills. If you are reviewing my job application, don't disqualify me because I lack a certain skill, I'll learn it in record time, I wouldn't apply for the job if I didn't think I could learn it. In fact there's a high chance I am doing some tutorials on that skill right now!

Adobe Flash (AS2) (Rockstar)
+13 Years Experience ;

Adobe Photoshop (Expert)
+6 Years Experience;

Adobe Illustrator (Expert)
+6 Years Experience;

Adobe InDesign (Expert)
